### THREE FIRES.

Narrow Escape of Alex Brent's Family.

Mrs. Johnson's Residence And The Adams Homestead Also Burned.

The residence of A. C. Brent, the Seventh street colored grocer, was destroyed by fire about 2 o'clock yesterday morning, together with entire contents. The building was situated at the corner of Twelfth and Campbell streets and was a very substantial cottage. The owner of the house had been to Clarksville and returned shortly after the fire. His wife was the only occupant of the building and she had a very narrow escape, barely having time to get out in her night clothes. The fire department turned out in a very few minutes, but owing to the combustible nature of the building, the flames were soon beyond control.

The loss is about \$1,800. There was \$600 insurance on the building, \$400 on piano and \$520 on furniture. It is not known how the fire originated.

#### FIRE IN THE COUNTRY.

Mrs. Johnson's Handsome House Near Striped Bridge Burned.

The residence of Mrs. John Johnson, near the Striped Bridge, was destroyed by fire Sunday. No one was at home except Mrs. Johnson and she was asleep when the fire occurred and only awakened in time to get out of the burning building. The house was a comparatively new one, a two-story frame, and was worth with its contents about \$4,000. It was insured for \$2,000. It is not known how the fire originated.

#### ADAMS HOMESTEAD

Destroyed By Fire Sunday, at a Loss of \$1,000.

The old Adams Homestead, south of town, where so many reunions of the descendants of John Adams have been held, was burned down Sunday. The old house was occupied by Nel Woodward, a colored tenant, and the house and several adjacent buildings were destroyed, entailing a loss of about \$1,000. It was owned by Mrs. M. Adams. The origin of the fire was mysterious and incendiary, is suspected. There was no insurance.

#### DRESS CAUGHT ON FIRE

And Mrs. Luttrell Had a Narrow Escape.

Mrs. F. E. Luttrell, of Pee Dee, had a very narrow escape from serious or perhaps fatal injury yesterday morning. While standing near a grate her dress caught on fire and quick as a flash the flames leaped up the full length of her body. Mr. Luttrell was in the room and as his wife attempted to run he caught her and held her while he picked up a bucket of water and threw it over her, checking the flames until he could smother them out. Mrs. Luttrell escaped with slight injuries, but her husband's hands were very painfully burned.

#### WILL PROBATED.

R. H. Moseley Estate Left to Wife During Life.

The will of the late R. H. Moseley was probated yesterday. He directed that all his property go to his wife, to be held during her life, and at her death the farm becomes the property of his son, J. B. Moseley. The remainder of his property is then to be equally divided between his four daughters. The will was written and signed July 28, 1900, and was witnessed by W. J. Renshaw and R. S. Wortham.

#### SLOW TO ACT.

The Subscription Committee Meeting With No Encouragement.

No further steps have been taken by the committee appointed to solicit subscriptions to the Cadiz-Gracey railroad. The point of connection with the I. C. is one that Hopkinsville people have not felt any very lively interest in. The people on the Gracey route themselves do not appear to want connection and are almost forcing the road to take another route.

**Difficult Digestion**  
That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to, but because they must. They know they are irritable and fretful; but they cannot be otherwise. They complain of a bad taste in the mouth, a tenderness of the pit of the stomach, an uneasy feeling of puffy flanks, headache, heartburn and what not. The electrical remedy, proved by permanent cures of thousands of severe cases, is **Hood's Sarsaparilla**. Hood's PILLS are the best cathartic.

In June 1897 he was appointed Consul at Hong Kong by President McKinley.

**BALDHEADED CLUB.**

Will Go In a Body To Hear Bob Taylor.

Serious Trouble Over a Welsh Rarebit Narrowly Averted.

President Cooper came rushing in at 12:02, and at once called the meeting to order and began by apologizing for being late. "I pride myself on being a minute man" said he, "but I was detained a couple of minutes trying to settle a dispute between two Colonels of this Club." Col. Bill Howell and Col. Walter Kelly were about to come to blows over a statement of Col. Howell's that he saw Howell Tandy eat seven Welsh rarebits at one time Col. Kelly impugned Col. Howell's veracity, saying that no man could eat seven ordinary rabbits at one sitting, to say nothing of Welsh rabbits or Belgian hares. Col. Howell tried to explain that a Welsh rarebit was not the same thing as a Belgian hare, but Col. Kelly refused to listen to him and just before they clinched I came along and they appealed to me to decide it and I told Col. Kelly the difference.

As soon as the Club was ready for business, the petition of Mr. Dave Tandy was presented by Col. Ed Callis. Col. Bill Howell at once raised a protest, saying the line had to be drawn somewhere and he was in favor of drawing it at Dave Tandy. Col. Bill Tibbs said Col. Howell was evidently jealous of Mr. Tandy's accomplishments, but he did not think it was right for matters of personal spite or envy to be considered when a new member was to be received. The President said he was inclined to give Mr. Tandy a chance and referred his petition to the sparse Plunge Committee, with instructions to report without delay.

Col. Dave Wiley brought in a favorable report from the committee and Col. Howell again registered a kick. "I can stand him if he rest can," he declared, "but you had better let well enough alone and leave him out. He won't be in this Club two weeks before he will be trying to slap a patent fertilizer to make hair grow. I don't believe he is a bald-headed man at heart. But let him in if you want to. You will never regret it but once and that will be all of the time."

Col. Wiley called for the question and Mr. Tandy was elected. Col. Howell refusing to vote. He was brought in by Col. Wiley and after being initiated was introduced to Col. Bill Bamberger and a few other distinguished members and told to make himself at home. Col. Ira L. Smith called attention to the fact that Gov. Bob Taylor, a baldheaded man of long standing, would lecture in the city in a few days and said he thought it would be a graceful thing to elect Gov. Taylor to honorary membership and have the club attend in a body and

have one of its members to introduce the speaker. Col. P. C. Richardson said it would take a dollar to get in and he doubted if some of the members could stand the pressure.

Col. Dave Tandy, the new member, at once jumped up and proposed to set up tickets for the entire Club upon one condition, and that was that Col. Howell could be prevailed upon to introduce the lecturer. This proposition made Col. Howell feel like thirty cents, but he thanked Col. Tandy for the compliment and said he didn't like to hear himself talk, in fact it always gave him an attack of stage fright to face an audience, but if no one else could be found to introduce Bob, he would do so, but would not promise to speak more than twenty or thirty minutes. The suggestion made by Col. Smith was accordingly acted upon and Gov. Taylor, or Col. Taylor as he is now entitled to be called, will have a rousing house.

It is needless to say that Col. Tandy has at once made himself solid with all of the members. Col. J. H. Eggleston said another baldheaded man had come to the front. "I police with a good deal of satisfaction," said he, "that the picture of Mr. Alfred H. Morris, King of the New Orleans Carnival, shows him to be a man of about the same style of beauty as Col. Bill Tibbs." Dr. W. M. Fugua, who prefers to use his professional title to that of Colonel, said President Schwab of the New Steel Strut, at a salary of \$300,000 a year, was also a baldheaded man, judging from his pictures.

"You can't keep us down," commented President Cooper, "it's the inside and not the outside of a head that counts these days."

The Club then adjourned.

**An Honest Medicine for LaGrippe.**  
George W. Waitt, of South Gardiner, Me., says: "I have had the worst cough, colds, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that did me any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." Sold by all druggists.

R. B. Phillips was found dead in his horse lot at Franklin, Ky. Heart disease.

**A Good Cough Medicine For Children.**

"I have no hesitancy in recommending Chamberlain's cough remedy," says F. P. Moran, a well known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children, as it contained no opium or other harmful drug." Sold by all druggists.

Chas. H. Nash Jr., the young druggist who has been with the R. C. Hardwick for a year or two, has bought the assigned stock of A. P. Harness and will at once open up in business at the latter's old stand. He is a very capable young man, a graduated pharmacist and a promising business man.

Love brings flattery to a man's tongue and flutters to a woman's heart.

Twice Proven.

The Vindicator, Rochester, N. C. The editor of the Vindicator, has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder with which he had suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night and getting up free from pain." **ROBBED THE OIL MAN.**  
Two Negro Footpads Hold Up T. E. Allman.

T. E. Allman, the coal oil man, was held up and robbed Friday night, near the corner of First and Main street. He was robbed of \$24. Two negroes accosted him and asked him for a match. He told them he had none and they then grabbed him by his feet and demanded his money, pulling him into the wagon. In the struggle one of the negroes cut at him with a knife. The blade struck his watch and was turned aside, making only a scratch. Mr. Allman finally gave up his money and the negroes took to their heels. No arrests have been made, though the police are working on the case.

## BOB TAYLOR

Draws Like a Porous Plaster—The Seats Will All Be Sold.

Gov. Bob Taylor will deliver his new lecture at the Opera House tomorrow night. He calls it "Sentiment" and those who have heard it say it is his best one. The seats are nearly all sold in advance and he will address an audience limited only by the capacity of the Opera House, The Courier-Journal of Saturday, says of the lecture:

"Gov. Taylor's lecture was epigrammatic rather than oratorical. The definition of sentiment served as a vehicle for an array of descriptive adjectives and beautiful similes. There was not a tear in the talk. It was all joy and beauty, laughter and song, humor and poetry; the pathos was left out because, according to Gov. Taylor, he who has not a song in his heart, nor love, nor light has no sentiment. And, according to the gifted Tennesseean, sentiment is 'ministering angel of light, an angel whose wings flutter in my dreams; an angel which sheds its sweet influence on every pathway.' He held it to be 'a light that finds a mirror of enchantment in every fantastic stream.'

But the talk was not at all idealism for in listening to him one could almost hear the hoarse shouts and splashes of boys at play in the old swimming hole, and other phases of life itself.

Gov. Taylor told well a number of splendid stories. His description of a sweet girl graduate reading her essay on "Flowers" was a fine bit of humor, but he also wondered what old friend would not recall some tender memories connected with a little blue-sashed bundle of organdy with a fluttering heart in it.

Here are a few things sentiment was:

"There are no noble sentiments that are not born of love.

"The glory of one beautiful woman is enough to build a paradise in any man's heart.

"Sentiment has built every church in the world.

"Every soul has been walled to Heaven on the wings of sentiment.

"Sentiment has started all the wars and it has made all the martyrs suffer.

"Sentiment is the champagne of laughter and the sherry of song."

## NEW SENATE.

Many Changes Took Place Yesterday in New Senate.

Of Fifteen New Senators, Thirteen Enter That Body For First Term.

Washington, March 2.—When the Senate adjourned Saturday the term of thirty of its members expired. Of this number fifteen Senators have been re-elected, and in thirteen cases new men have been elected to fill the vacancies. This is an unlucky number. The terms of Senators Kenney, of Delaware, and Thurston, of Nebraska, expire on March 3, but their successors have not yet been elected. Vacancies exist in three other senatorships because of deadlocks in the Legislatures of Delaware, Montana and Nebraska. Delaware has never been able to secure a successor to Senator Higgins, Montana is still fighting over the term for which credentials were issued for W. A. Clark, who has become the successor of Senator Carter for a term of six years from March 3, and the Nebraska Legislature has not filled the place made vacant by the death of Hayward, whose election was closely followed by his death, Senator Allen being appointed by the Governor pending an election. In addition to these changes, Utah, Vermont, Minnesota and Iowa have lately sent new men to the Senate in the persons of Senators Kearns, Clapp, Dillingham and Dilliver, the last named holding his seat by the appointment of the Governor of Iowa, the Legislature to elect his successor not meeting until next December. Senator Quay, after a short absence from the Senate, is again in his old seat.

The Senators who have been re-elected for terms of six years from March 3 are: Bacon, of Georgia; Berry, of Arkansas; Culom, of Illinois; Elkins, of West Virginia; Frye, of Maine; Hoar, of Massachusetts; McMillan, of Michigan; Martin, of Virginia; Morgan, of Alabama; Nelson, of Minnesota; Sewell, of New Jersey; Tillman, of South Carolina; Warren, of Wyoming, and Wetmore, of Rhode Island.

The thirteen new Senators elected to terms beginning March 4 are: Burton, of Kansas, to succeed Baker; Simmons, of North Carolina, to succeed Butler; Foster, of Louisiana, to succeed Caffery; Clark, of Montana, to succeed Carter; Burnham, of New Hampshire, to succeed Chandler; Bailey, of Texas, to succeed Chilton; Blackburn, of Kentucky, to succeed Lindsay; Mitchell, of Oregon, to succeed McBride; Gamble, of South Dakota, to succeed Pettigrew; Dubois, of Idaho, to succeed Shoup; McLaurin, of Mississippi, to succeed Sullivan; Carmack, of Tennessee, to succeed Turley, and Patterson, of Colorado, to succeed Wolcott.

Of the so-called new Senators, a number have been in Congress. Blackburn, of Kentucky; Mitchell, of Oregon, and Dubois, of Idaho, have been in the Senate, and Bailey, of Texas, Gamble, of South Dakota, and Carmack, are members of the House of Representatives. Patterson, of Colorado, was a delegate in the House of Representatives before his State was admitted to the Union.

## ALL THE BEST PRIZES

Won by the Hopkinsville Fiddlers at Clarksville.

The old time fiddlers' contest at Clarksville Friday night for the benefit of the Masonic Temple, was a big success, the receipts amounting to about \$450. There were 32 fiddlers, who took part in the contest. Judges were from Hopkinsville, Erin and Bowling Green. Mr. W. A. Wilgus representing this city. The Hopkinsville Quartette won three prizes, all competed for, including the chief contest of Clarksville vs. Hopkinsville.

The Leaf Chronicle, in speaking of the Quartette, says:

"Just a word about the Hopkinsville visitors. Our sister city could not have sent four more genial, modest and capable gentlemen than Messrs. Randle, Hord and Brown, whose playing elicited generous rounds of applause, and decidedly was one of the most noteworthy features of the evening. The newspaper craft was especially proud of Brother Randle, a shining light of Hopkinsville journalism." All of the visitors were elegantly and hospitably entertained in the homes of the people of Clarksville.

## GAVE DIRECTIONS

About Making Her Coffin Then Suddenly Expired.

Wife of Richard Orten Passes Away at Her Home Near Clardy.

Clardy, Ky., March 2.—Mrs. Sarah A. Orten, wife of Mr. Richard M. Orten, died very suddenly at her home near here Thursday morning. She had been in very poor health for nearly two years, but was able to go about most of the time. She had recently suffered an attack of the grip, but had sufficiently recovered to be up. She complained of not feeling well for several days prior to her death, however, Thursday morning about 3 o'clock she told her husband that she was going to die and wanted his uncle, James Orten, to make her coffin, adding "for I know he can make a good one." Then turning upon her side she fell into a peaceful slumber, from which there is no awakening. Her mind, at times, had been affected and she had frequently talked of dying and had several times given directions about her burial, etc. On account of this her husband did not think seriously of her premonition until it was noticed that she was sinking, when she expired almost instantly.

Deceased was a daughter of the late H. H. Jones, and was a Christian woman who leaves a host of friends. She was 35 years old.

The interment took place at Macedonia yesterday.

## Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

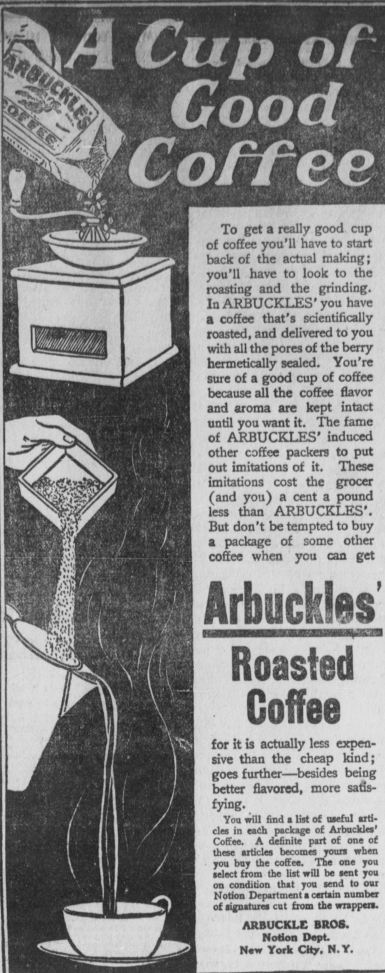

**SCOTT'S EMULSION OF COD LIVER OIL**  
WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

## A Cup of Good Coffee

To get a really good cup of coffee you'll have to start back of the actual making; you'll have to look to the roasting and the grinding. In ARBUCKLES' you have a coffee that's scientifically roasted, and delivered to you with all the pores of the berry hermetically sealed. You're sure of a good cup of coffee because all the coffee flavor and aroma are kept intact until you want it. The fame of ARBUCKLES' induced other coffee packers to put out imitations of it. These imitations cost the grocer (and you) a cent a pound less than ARBUCKLES'. But don't be tempted to buy a package of some other coffee when you can get

## Arbuckles' Roasted Coffee

for it is actually less expensive than the cheap kind; goes further—besides being better flavored, more satisfying.

You will find a list of useful articles in each package of Arbuckles' Coffee. A definite part of one of these articles concerns your when you buy the coffee. The one you select from the list will be sent you on condition that you send to our Motion Department a certain number of signatures cut from the wrappers.
